

# "and he gave it dead away"

IT'S REALLY surprising.  
THE MONEY you save.  
BY ASKING questions.  
I FOUND that the maker,  
OF A hair restorer,  
WAS BALD as a coot.  
SO I passed that up.  
AND A bird who came  
TO SELL off stock.  
HAD HIS own cash.  
IN LIBERTY Bonds.  
SO I ducked again.  
AND I asked a clerk.  
FOR THE best cigarettes.  
AND HE reached around.  
FOR A fancy box.  
AND I knew I was in.  
FOR THE same old line.  
SO I asked him this.  
"WOULD YOU smoke one of 'em."  
IF I bought a box?  
AND THEN he smiled.  
LIKE A regular guy.  
AND SAID "No thanks.  
I'LL SMOKE my own."  
AND I got wise.  
AND ASKED him then.  
WHAT BRAND he smoked.  
AND HE showed me.  
AND THEN he said.  
"THEY SATISFY."  
AND B'GOSH, he's right.

SURE they satisfy. Chesterfields have "body"—that's the reason. Body enough to satisfy a cigar smoker. And yet Chesterfields are mild. Impossible! That's it exactly—Chesterfields have accomplished the impossible. They satisfy and yet they're mild.

Dr. Harry F. Hamilton left Sunday afternoon for Montpelier, where he will attend a meeting of the dental examiners.  
Reginald Hamilton, son of Dr. and Mrs. H. F. Hamilton, narrowly escaped death late Friday night, when he fell with his bicycle into a deep hole, where the road was being repaired on Indian Point St. He had attended the regular Friday evening dance at the Club House, and was on his way home to the Bluffs. Repairs are being made on Indian Point street and the road was barricaded, but the sidewalk was partially open, and Reginald disliking to go around so late in the evening, thought he could make his way through. Evidently he went too near the edge and was suddenly precipitated into the hole together with his bicycle. He evidently lost consciousness, but finally realized his predicament and managed to crawl to the edge and pull himself out of the hole, though his head was cut and bleeding he started to walk to the Bluffs and had gone as far as the overpass bridge, when he was overtaken by Harry S. Dane who carried him home. Dr. Hamilton took him at once to

Dr. H. S. Peabody and the wound was dressed. It was a scalp wound, on the top of his head about three and one-half inches long and quite deep and necessitated the taking of several stitches. He is getting on nicely but it was certainly a narrow and fortunate escape.

VENETIAN SERENADERS AT CHAUTAUQUA.

Here is a trio of new entertainers who will appear at our Community Chautauqua:  
Mr. Cairo's accordion music is considered by many to be the best that has ever been played. This difficult instrument is still a novelty in this country, and you will surely find entertainment in hearing it.  
Mr. LaPorte and Mr. A. Perrone are wonderful artists on the guitar.  
When these three Italians play, you will be surprised at the volume of music they are able to produce with these three novelty instruments. In addition to their music, they also render vocal selections.  
Don't miss them when they appear on the second day.

## SHERBROOKE TRIMS NEWPORT BY 10 TO 1 SCORE

Thormalon, a One Time Big Leaguer, a Complete Puzzle to Visitors

The inability of the members of the Newport baseball team to solve the offerings of Henry Thormalon, a product of South Boston, Mass., and one-time "big leaguer", was responsible for our boys losing the second straight game with Sherbrooke on the latter's grounds on Saturday afternoon. With a warm sun shining down on the diamond, the day was ideal for baseball and a crowd of nearly 1500 fans watched the Canadians overwhelm the Newport aggregation by a score of 10 to 1.  
The large number of loyal fans who made the trip to Sherbrooke to root for their favorites were greatly disappointed at the outcome of the second game against the deadly rivals of Newport.  
Sherbrooke's star twirler, Thormalon, who swings from the port side, deserves the major portion of the credit for the Saturday victory. This crack southpaw, who, by the way, is a cousin to the younger flinger of the same name, who nitches for Miller Huggins's New York Yankees, pitched a superb game and just to show he could use the bat in a fair way, knocked out three vicious extra base wallows, two doubles and a triple.  
His desire to stretch the three base hit into a home run resulted in his injury when he slid into the home station. Catcher John Brioullette pugged the runner some distance from the platter and just as he did the collision. John was unhurt while Thormalon received a badly wrenched knee. The game was halted for several minutes while the injured man's wound was bathed, and rubbed. He showed his gameness when he refused to quit and was loudly cheered as he returned to the box in the next session. His injury made it difficult for him to field the ball and impossible for him to run. A substitute player ran for him while he lambed the pill.  
The other heavy swatters on the Sherbrooke team were Sniderham, Newton, Giboin and Molyneux. Newton drove out a "duke" home run. The ball was hit about 30 feet back of first base and got lost in the grass. Folsom, the right fielder, and the whole infield went to look for the ball but before they succeeded in locating the missing pill, Newton had crossed the platter, Savage romping in ahead of him. That was a sample of the luck Newport was up against during the whole game.  
The Newport boys found it a great deal easier to hit Thormalon Saturday than they did when he pitched in Newport, but no matter how hard they hammered the sphere someone was right under it, nearly every time. Rublee was the heavy hitter, getting a single and one double. Lahar got a double and Bigelow and H. Kennison both knocked out clean singles.  
Newport opened the game in the proper way by getting a score in the first inning. Montgomery walked and Lahar sacrificed, Thormalon to Molyneux. Rublee came through with a single to right field, scoring "Monty". Unfortunately Rublee got caught stealing second and was out. Newton to Bridges, Kennison reached first when Giboin muffed his high fly but Bigelow closed the inning with a long fly to Giboin.  
The Canadians secured the first run on Empire Watson's unjust decision at the plate. Baker singled, went to second on a fielder's choice and stole third. He tried to steal home but was out by more than two feet. Monty to Brioullette. The arbiter ruled him safe, however. This and another raw decision in the next inning was enough to take the heart out of the Newport players.  
Sherbrooke got four more runs in the third. Bridges was hit and went to second when Sniderham busted safely. The runners were advanced by a wild pitch. Savage stroled, filling the bases. Newton hit to Rublee who threw Bridges out at the plate, but Empire Watson called him safe. The rules show the man was automatically out, but no one could make the umpire understand this. Giboin then singled and Sniderham and Savage scamped home, Giboin reached second and Thormalon first base when Folsom muffed the latter's fly. Thormalon stole second. Newton was caught trying to steal home, Brioullette to Monty to Brioullette to Rublee. Baker went out, Wells to Rublee. Molyneux singled scoring Giboin but Thormalon was and Molyneux were stranded when Vaughn was out. Monty to Rublee. They secured three more in the fourth on four hits and one more in the sixth and seventh.

## MRS. BLAIN FEELS 10 YEARS YOUNGER

"Thanks to Tanlac I am in Perfect Health Now," She Declares

"After what Tanlac has done for me it is a great pleasure to recommend it, and I never expect, to be without it in my home," said Mrs. Alice Blain, 799 Winooski road, Burlington, Vt., recently.  
"For the past two years," she continued "I had suffered with stomach trouble, my appetite was extremely poor all the time and when I did manage to eat a little something it would sour and I would fill up with gas until I could scarcely get my breath. My heart palpitated dreadfully and I would have intense cramping pains in the pit of my stomach. I also suffered with rheumatism in my arms and legs, which hurt me so I could hardly stand it. Many a night it kept me up all night long unable to sleep a wink. My kidneys also gave me a lot of trouble, and I had such severe pains across the small of my back it was almost impossible for me to bend over, and my head ached so at times it felt like it was splitting open. I was extremely nervous and would cry at the least little thing, it was almost impossible for me to get any sleep, and in the mornings when I first got up I was always so dizzy I had to take hold of something to keep from falling.  
"I had tried many different medicines, but never found anything that gave me any relief until I started taking Tanlac, and it began to help me almost at once. I a short while I had a splendid appetite and now I can eat anything I want and everything agrees with me perfectly. I am never troubled with gas, palpitation of the heart or with my stomach and the rheumatism had left me entirely. My kidneys never trouble me any more and I have not had a headache since I started taking Tanlac. My nerves are in perfect condition, I can sleep all night long as peacefully as a child and always get up feeling greatly rested. In fact I am in perfect health, thanks to Tanlac, and feel at least ten years younger than I did when I began taking it."  
TANLAC is sold in St. Johnsbury at Landry's Drug Store and in West Burke by Chas. H. Coburn. adv.

Division of Samoan Islands. By the agreement of December 2, 1899, among the United States, Great Britain and Germany, the Samoan Islands were divided between the United States and Germany. Great Britain retiring and accepting compensation for her retirement in the form of colonial concessions elsewhere in the world. This agreement ended a long series of outbreaks and disorder in the islands amounting to a state of civil war, due, it was charged at the time to the intrigue and aggression of the Germans.
